Dear Dianne,

Thank you very much for your recent gift of one-hundred blankets on May 11, 2022 to The Wish Project. Your generosity enables us to continue to help those in need throughout the Merrimack Valley. Many young children will receive our "BITS bags" (Basic Items for Toddler Success) filled with simple educational toys aimed at stimulating their imagination and expanding their language skills. Moms will receive a special bag on Mother's Day, filled with personal care items and other gifts. Newborns will enter the world with the clothing and baby goods needed to be healthy and safe. The homeless who seek protection against the harsh winter elements and those households living in residences without sufficient heat will receive the warm coats and blankets to provide them warmth. Families who are faced with a disaster and suddenly find themselves homeless will receive emergency food and clothing to sustain them until they can get back on their feet.

But this is what your Gift really gives - the Gift of Joy, the Gift of Relief, the Gift of Delight, the Gift of Hope.

Those we help are frequently overwhelmed by the everyday circumstances of their lives. We are so grateful for whatever help we can offer, and we are so grateful to you for making it possible.
